

Title:Date Picker Validation Allows Past Dates**Description:**

When selecting a date range in the “Travel Insurance” form, the system allows users to select a past date, even though it should be restricted to current and future dates.

Steps to Reproduce:

1. Navigate to the insurance calculator page.
2. Select a travel type and enter personal information.
3. Attempt to select a start date from the date picker that is a date in the past (e.g., yesterday).
4. Click on “Ver Presupuesto” to submit the form.

Expected Result:

- The system should prevent users from selecting a past date and display an appropriate validation error message.

Actual Result:

- The system allows the user to select a past date and proceed with the submission without any validation error.

Severity:

Medium

Additional Information:

- Tested on Chrome Version 105, Safari Version 15, and Firefox Version 100.
